Super II™

High Performance Pump Series

SP3015X20AZ 2 HP Super II pump.

Designed for even the most demanding installations, Super II simply out-performs all others. Efficient, full-flow hydraulics produce more flow at equivalent horsepower, resulting in lower operating costs. Super II, when you want the very best.

Applications

- In-ground pools of all types and sizes (including in-floor cleaning systems, solar heating systems, water features)
- In-ground spas or in-ground pool/spa combinations
- Fountains

Features

- Self-priming (suction lift up to 8' above water level)
- Easy thread design makes strainer cover removal easy
- Lexan® see-thru strainer cover lets you see when basket needs cleaning
- 180 cubic inch basket has extra leaf-holding capacity. Load-extender ribbing ensures free flowing operation
- All components molded of corrosion-proof PermaGlass XL™ for extra durability and long life
- Heavy-duty, high performance motor for quieter, cooler operation
- Service-ease design gives simple access to all internal parts
